

H&S Risk Assessment - Appendix D

Précised Version of the Course Risk Assessment

1. It is recommended that all golfers (members & visitors) read the CGC comprehensive version Risk Assessment Document, copies of which are available on the club website and in [1] the General Office, [2] the Pro-Shop and [3] the Ladies' & Men's Changing Rooms.
2. If any doubts exist as to any assessed risk and solutions to identified risks then these are to be conveyed to the Course Supervisor or delegate for clarification.
3. Be aware of the behaviour of other golfers and their place on the course. Do not play a shot until you are sure there is little risk of your ball hitting any other person particularly if you are hitting towards an area hidden from your view. Always shout "FORE" if you hit a wayward shot.
4. In event of deteriorating/reduced visibility conditions during play, players should remain alert and listen out for a Foghorn as detailed in Risk Assessment **Appendix B Item 3**.
5. Many bunkers have steeply sloping sides. The risk of slipping on these slopes is high. Always enter and leave from the lowest point and never take trolleys onto these slopes nor between the bunker and the green.
6. Many tees and greens have sloping sides. To avoid risk of slipping and skidding do not take trolleys on to slopes surrounding tees. In wet conditions many slopes are very slippery. It is essential that footwear designed for golf are worn at all times. In addition slopes considered to be particularly risky and to be avoided, where possible, are: [1] to the right of the 2nd green; [2] to the rear of the 6th [3] to the left, right & rear of the 9th green; [4] to the rear of the 10th greens and [5] to the right of the 12th and 13th greens.
7. Directional notices are in place on the course. Deviation from indicated directions will be at the entire risk and responsibility of the individual.
8. At crossover tee boxes on the 8th, 11th & 14th holes, the 8th tee has first priority, the 14th second priority and 11th third priority.
9. The suitability for Use of Motorised Buggies Policy is the responsibility of the Course Supervisor or his delegate in accordance with Risk Assessment **Appendix E**. This information will be displayed on the club website to advise all golfers (members & visitors) of any restrictions imposed.
10. Any accidents or incidents occurring on the course are to be reported immediately to the Club Professional shop or if the shop is not attended, the club office or the Bar Steward.
